## STORIA DEL BRAND:

Il comm. Tonino Lamborghini è nato a Cento (Ferrara) nel 1947 da una famiglia che pochi anni più tardi è diventata famosa in tutto il mondo nel campo meccanico e automobilistico. Agli inizi degli anni Ottanta, mentre era presidente di alcune aziende del Gruppo Lamborghini, Tonino Lamborghini decide di dare più spazio ad una sua passione personale: fonda così nel 1981 la "Tonino Lamborghini Style and Accessories". Reinterpretando i valori storici e la simbologia identificativa di famiglia, dà vita a un nuovo marchio dedicato agli accessori di lusso.

La creatività, la passione per il design e l'amore per l'Italia e la sua cultura caratterizzano lo spirito unico che Tonino Lamborghini infonde in tutte le sue collezioni di accessori e in tutti i suoi progetti. La strategia di brand lifestyle intrapresa sin dagli esordi rappresenta una unica e rara iniziativa nel panorama internazionale, che è diventata case history presso numerose università, istituti e camere di commercio.

Dopo il riconoscimento nel mercato italiano e internazionale delle sue collezioni di accessori di lusso, Tonino Lamborghini ha portato il concetto di "brand di lusso" anche nel settore del beverage e dell'hospitality. Con il network di locali e hotel firmati, che affiancano il lifestyle di accessori di lusso a marchio, Tonino Lamborghini diventa ambasciatore del made in Italy nel mondo.

TILES & STYLE

Per comprendere le origini di questo progetto si deve risalire agli anni 60, alla storia di due imprenditori.

Quella di mio nonno materno Giuseppe Gambarelli, che dopo una gioventù di grandi sacrifici accumulò le sue prime risorse per fondare una piccola azienda ceramica, nel tempo cresciuta sino a pavimentare, in 50 anni, oltre 100 milioni di metri quadri di ambienti nel mondo.

E quella, certamente più illustre, di Ferruccio Lamborghini che da capace imprenditore del mondo dei trattori passò a creare con genialità automobili mitiche come la Miura e la Countach.

Due storie molto diverse ma con alla base la stessa tenacia e capacità che hanno alimentato la straordinaria crescita di tante aziende del nostro paese negli anni sessanta.

Oggi, in un mondo profondamente cambiato, noi eredi di questi lungimiranti imprenditori lanciamo un progetto che unisce due eccellenze, quella di GS LUXURY GROUP e di Tonino Lamborghini, creando una linea di piastrelle che portino nel mondo la massima espressione della ceramica e del lusso Made in Italy.

We need to go back to the 60's in order to understand the reasons of this project. To be more precise, we have to recall the story of two businessmen. My maternal grandfather's Giuseppe Gambarelli, who gathered his first resources and founded a small ceramic firm after he spent his youth in sacrifices. In 50 years, that same small firm managed to grow and to cover more than 100 million square meters all over the world.

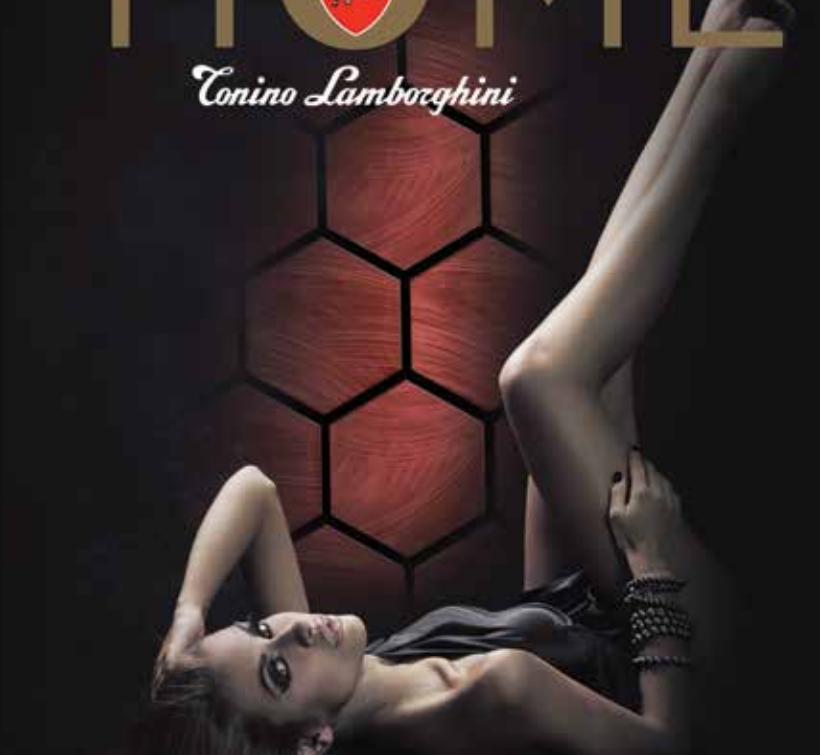

The second businessman at issue is of course Ferruccio Lamborghini, who started as a tractors entrepreneur and ended up becoming a brilliant creator of supercars such as Miura and Countach.

These two men, despite the different interests, have a lot in common. They both are endowed with tenacity, perseverance and talent – all qualities that incited the extraordinary growth of many Italian companies during the 60's.

Today, in a deeply changed world, we launch into the marketplace a project that combines two firms of excellence, both founded by the heirs of two farsighted businessman: GS LUXURY and Tonino Lamborghini. This partnership has given life to a tiles line designed to be a symbol of Italian Luxury ceramics in the world.

Volevo una struttura dinamica, che esaltasse l'intelligenza, la creatività e la particolarità dell'uomo a cui è dedicata; un autentico spaccato di civiltà italiana, in cui tutto ciò che vi è esposto viene esaltato da una architettura di design post-industriale

I wanted a dynamic structure, that celebrates the intelligence, creativity and uniqueness of the person to whom it is dedicated; a true slice of Italian culture, where everything on display is enhanced by post-industrial design architecture
